

The Deputy Director of Central Intelligence

NOTE FOR: DD/Security

Joe:

I'm pleased with the security officer program presently in progress. I would be happier if the summer of '84 placements could occur ahead of time.

As far as future planning is concerned, the stations selected are well suited for a security officer and I urge you to proceed apace with the DDO in establishing officers there. If you need any help with the ambassadors, please call upon us. I know the Director and I would be more than happy to support you.
